Ritesh Rai Chawla

JAVA-Technical-Microservices Architect
JAVA Application Development Expert
Indian Institute of Technology (IIT) Electronics Engg. Graduate

Dear Sir/Madam,

Wish and hope that your Life is going good and healthy.

Sir/Madam, I would be grateful if you would consider my candidature for relevant opportunities within your organization. I am confident that my technical expertise, architectural experience, and leadership capabilities would enable me to contribute effectively to your team.

Professional Summary:

I have over **17 years of extensive experience in Java technologies**, with key strengths including:

- Strong experience in the architecture, design, and development of software products built using both **Microservices** and **Monolithic Architecture** styles.
- Expertise in **Java, J2EE, Microservices, Spring Boot, Spring Framework, Hibernate, Kafka, Spring Cloud, AWS Services, RESTful APIs, Snowflake, MySQL, and SQL Server**.
- Proven experience in **requirements gathering, functional and technical specification development, and the creation of High-Level Designs (HLDs) and Low-Level Designs (LLDs)** for large-scale, enterprise-grade applications.

Present Ongoing Work:

- Currently, I am working with **Coforge Limited** as a **Java Microservices Technical Architect**, where I collaborate with US and UK clients, Product Architects, and key stakeholders to deliver innovative technology solutions.
- As part of the offshore development team, I design and deliver end-to-end microservice architecture-based solutions for **Fiserv** product requirements, ensuring high-quality architecture, development, and successful project delivery.

PFA Resume.

Relocation: **Anywhere in India**

Notice Period: **Immediate joiner**

Thank you very much for your time.
Kind Regards,

Ritesh Rai Chawla
Technical Architect, Coforge Limited.
